WOW! So glad you’re here! 😊

- First, identify **three** powerful “WOW”-worthy moments of wonder-moments from today that you would like to remember to take back to your colleagues.

- Next, list **two** actions that you might consider taking at your institution, in your program, or in your courses to bring one, two or three of these “WOW” moments to life back at “home”.

- Finally, name **one** “WOW” moment that you are hoping to gain from this session with me and your fellow colleagues.

Be prepared to share!
